WORTH 10,000.

What Moses's Victory Means. The result of the primary election the form of the League Council in-

in New Hampshire is in three ways vested with a certain amount of suan exceedingly significant thing:

First, the light against the renom-ination of Senator Moses was made their associates. The public mind was mainly on the plea that he did not not then critical of details. Weary of The British Prime Minister and the type so numerous in that State. Its represent the prevailing opinion of Covenant and the League of Nations the belligerent disposition of old hu zerland Mr. David LLOYD GEORGE, the most persistent of the Senators who refused to be reconciled to the President's scheme of international supergovernment. He was one of the most searching and implacable critics and enant but also of the body of the son proceeded to supply the visions To Americans who can remember gaztreaty into which the Covenant provisions were interwoven. It was ries, Mr. HUNTLEY N. SPAULDING, had covenant; his attitude in this respect resembled that of Heasenr Hoover. New Hampabire Republicanism has red herring. therefore declared itself anti-League by an impressive majority.

Secondly, Senator Moses was at mins bill. The returns from the pristance counted.

In the third place, and not least sigsquare opposition of Senator Moses constructive regulation. to the woman suffrage amendment uation with regard to Moses in New against the probability of any at-railroad credit, because additional revwhen the question was open but loy- cient in spending as in collecting. ally accept the decision and the law when the question is closed.
